

NDT in Canada

Conference 2009

August 25-27

London, Ontario, Canada

If you make it to one event this year, make sure it's **NDT in Canada**. Whether you are interested in recent advances in NDT Signal Processing technology, or practical end-use applications, there is something for everyone.

For Researchers and those on the leading edge, the **Signals Processing and Phased Array Workshops** feature presentations on:

- **Flaw Detection**
- **Material Integrity**
- **Material Characterization**

For those interested in new end-use applications, the **NDT in Canada Conference** features presentations on:

- **NDT for Environmental Compliance**
- **Infrastructure Inspection for Industry**
- **Advances in Aviation Inspection**
- **Quality Assurance for Nuclear Utilities**

This exciting event will be held at the Ivey Spencer Leadership Centre in London, Ontario, Canada. The conference will run for August 25th to the 27th. For more information about Ivey Spencer and travel directions, please visit www.events.cinde.ca

Benefits of Attending:

- Experience new developments in the industry first hand.
- NDT in Canada will provide the ultimate networking environment. Mingle with top industry professionals, peers and colleagues.
- Learn how end-use applications can benefit your company, the community and the environment.
