Workshop 2009 Best Presentation Award.....	xii
Keynote talk.....	xiii

Advances in Signal Processing for Non Destructive Evaluation of Materials

Trackleader - Xavier Malague, Laval University

Wide Dynamic Range Acquisition for Ultrasonic Signals.....	3
Weber W.	
Signal-injection for Building POD Qualification and Sizing Performance Data Sets.....	5
Lakhan R., Davey L., Hawley D.	
Wavelet Signal Processing of Magnetic Flux Leakage Signals- Implementation of a Multichannel Wavelet-Filter for Nondestructive Testing Systems in Steel Tube Mills.....	7
Orth T., Schmitte T., Peters R., Muller K., Koka A., Nitsche S.	
Wavelet-based Denoising of EMAT Signals - from Development to Industrial Real-time Application.....	15
Schmitte T., Orth T., Germes A., Nitsche S.	
New and innovative Non-Destructive Testing (NDT) Techniques for Inspection and Monitoring of Metal Smelting Furnaces	23
Sadri A., Gebski P., Mirkhani K., McGarrie G.	
Study of the Variations of Probe Parameters by Finite Element Modelling of Transient Eddy Currents in Mutilayer Aluminum Structures	29
Babbar V.K., Harlley D., Krause T.	
Wave Propagation Concrete NDT Techniques for Evaluation of Structures and Materials	43
Sadri A., Mirkhani K.	

Automatic Indoor Environmental Conditions Monitoring by IR Thermography	51
Pretto A., Menegatti E., Bison P., Grinzato E.	
A new Filter Bank Design for Split-Spectrum Algorithm	59
Rodriguez A.	
Time of Flight Inverse Matching Reconstruction of Ultrasonic Array Data Exploiting Forwards Models	67
Chatillon S., Fidahoussen A., Iakovleva E., Calmon P.,	
Ultrasonic Based Process Monitoring Using Advanced Data Processing and Analysis	73
Shukla A., Prakast A., Rohani S.,	
Image Processing for Automated Flaw Detection in Pulsed Thermography	83
Genest M.	
Analysis of Ultrasonic Elastic Waves in Vibrothermography using FEM.....	91
Saboktakin A., Castanedo C., Bendada A., Maldague X., Bison P., Grinzato E., Marinetti S.	
Reducing the Negative Effects of Grating through A-Scan Post Processing when Compensating for Poor Element Directivity	95
Shokralla S.	
Experimental Comparison of Lock-in and Pulsed Thermography of the Nondestructive Evaluation of Aerospace Materials.....	105
Larbi W., Ibarra-Castanedo C., Klein M., Bendada A., Maldague X.	
NDT Technology and Applications	
Trackleader - Dave Craig, Pratt & Whitney	
Transient Thermography Tools for NDT and E Composites.....	117
Avdelidis N.P., Ibarra-Castanedo C., Fanou S., Kou M., Bendada A., Maldague X., Ennaceur C.	
A comparison of Pulsed Thermography and Ultrasonic C-scanning for Inspection of Aircraft Composite Structures	119
Genest M.	
Estimating a Pipe's Equivalent Wall thickness and Elastic Properties from Ultrasonic Measurements	121
Stoyko D.	
High Temperature Flexible Ultrasonic Transducers for NDT of Pipes	141
Kobayashi M., Shih L., Wu T., Bussière J. F.	

CR and DR Inspection Capabilities	143
DeLong B.	
ECI of Gas Turbine Aircraft Engines	145
Roberge S.	
Laser Ultrasonics for NDE in the Automotive Industry.....	147
Lévesque D., Boulin A., Kruger S.E., Monchalin J.P.	
Evaluation of Selective Phase Corrosion Thickness on Nickel Aluminum Bronze Valves using Transient Eddy Current	149
Krause T., Harlley D., Babbar V. K., Wannamaker K.	
Overview of Steam Generator Tube-Inspection Technology	161
Obrutsky L., Renaud J., Lakan R.	
CIVA: Simulation Software for NDT Applications	171
Schumacher E.	
Acoustic Pulse Reflectometry	179
Adams M.	
Residual Stress Measurement in Parts and Welded Elements by Ultrasonic Method.....	181
Kudryavtsev Y., Kielman J.	
New Advances and Applications Using X-Ray Fluorescence Analyzers for Alloy Testing.....	183
Cheverie J.	
Advanced Ultrasonic Inspection Systems.....	187
Seto D.	
Ultrasonic Phased-array and Eddy Current Array as Approved Methods for Aircraft Maintenance.....	189
Lamarre A.	
A Contribution of Phased Array Ultrasonic Technology (PAUT) to Detection and sizing stress corrosion.....	191
Ciorau P., Chartier C., Mair K.	
Defect Detection and Imaging from Phased Array Focusing of Ultrasonic Guided Waves.....	193
Sicard R., Martel J., Serhan H.	
Ultrasonic Evaluation of Friction Stir Welds and Dissimilar Intermixing using Synthetic Aperture Focusing Technique.....	201
Lévesque D., Toubal L., Cao X., Dubourg L.	

Standard Compliance - NDT Performance Demonstration in the CANDU Industry.....	203
Choi E.	
Best Practices for Personnel Certification.....	213
Cote L.	
Quality Assurance in NDT.....	231
Krishnamoorthy K.	
The case for Inspection Qualification	247
Baron J.
